Public Comment:

Dominic Frascella appeared before the committee and distributed PennDOT Connects Traffic Calming Plan # 8 for PSC members to review as we discuss traffic issues in Lansdale.

Dominic Vasturia appeared before the committee to request stop signs at the intersections of Lansdale Ave and East Fifth Street and Knapp Road. The committee related that this request has been given to the borough managers office but at this time there is nothing to report back.

Valerie White appeared before the committee to request the PSC reconsider the \$200 fee for block party applications.

Dan Meyer appeared before the committee to request the PSC reconsider the moratorium on Sunday block parties.

Rob Kirkner appeared before the committee and requested the PSC strongly consider adding stop signs, 4-way, at every intersection in the west ward as the current placement is not consistent and speeding traffic in the area is endangering pedestrians. Manager Ernst joined the meeting and advised Kirkner that such a request would need to be vetted through our traffic engineer and would need to be supported with crash and speed data. I advised the committee the PD would work on compiling the speed and crash data for the west ward and bring it back to the PSC in the fall.

The meeting was adjourned at 7:24 PM.
